A dark, artistic photograph of a desk. In the top left, a portion of a silver laptop is visible. In the center, there is a white notepad with a pen resting on it. To the right, a green cutting mat is partially visible, along with a red folder or book. The overall lighting is low, creating a moody atmosphere.

Where the hell should I put my *ideas*?

A large pile of cut logs, stacked in a way that shows many circular cross-sections. The logs are dark brown and appear to be freshly cut. The background is a cloudy sky, and the overall lighting is somewhat dim, suggesting an overcast day.
